

Onyx Trail- Numbers

Hello I'm David Attenborough. I opened Brandon Marsh in 1999. I left a few foot prints behind, can you count how many?

Go to the information board further along the path. How many bird species have been recorded at Brandon Marsh?.....

Next go to the Dragonfly and Damselfly information board. How many whole dragonfly and damselfly pictures are shown on the board?.....

Follow the path that goes between Grebe pool and Goose pool. How many tractors can be seen on the SAGA sign?.....

You can use your binoculars here to see wetland birds. How many shutters/flaps for viewing are there in the Wright hide?.....

On leaving the hide turn right to rejoin the trail and look out for the Newlands reed bed information board on your right. How many reed warblers are shown on the sign? Look very carefully!.....

Look out for the golf course on your right and use your binoculars to find the number of the tee on the board across the way.....

Continue along the trail until you reach the woodland habitat information board. How many birds are shown?..... and in which century was the grey squirrel introduced into Britain?.....

Carry on along the path until you reach the Grassland habitat information board. How many butterflies..... and how many plants can be seen?.....

Take the path to the right of this information sign. How many sails are on the windmill?.....

Add up your answers..... subtract 270 and the answer is?.....
Return to the visitor centre to check your answers and collect a prize
We hope you enjoyed your visit and look forward to seeing you again

Take the path to the right of this information sign. How many sails on the windmill?.....

Add up your answers..... subtract **270** and the answer is?.....

Return to the visitor centre to check your answers and collect a prize

We hope enjoyed your visit and look forward to seeing you again
